

CALIFORNIA COMMUNITY COLLEGE BASEBALL COACHES ASSOCIATION

OFFICIAL COLLEGE NAME ABBREVIATIONS (IDs) TO BE USED FOR CALIFORNIA COMMUNITY COLLEGE STAT CREW STATISTICS

Listed on the next page are the OFFICIAL **three** and **four** letter Stat Crew ID codes for all California Community College Baseball Teams (whose names are longer than five letters) -- to use in your statistics programs this season.

The full school name is used as the ID for five-letter school names (only)..

State Crew **IDs are always in ALL CAPS.**

--IN ORDER TO MERGE STATISTICS PROPERLY, for official conference, region/division, and state statistics, EVERY COLLEGE MUST USE THESE EXACT ID ABBREVIATIONS -- FOR THEIR OWN TEAM AND FOR EACH OPPONENT.

These team IDs should be used whenever creating a new team (each opponent) -- whether in Utilities roster maintenance or in the In-game scoring program.

- The **Full School Names** should be consistent as well – Use as listed on chart (in CAP & lower case format).
- Omit the words “College of” or “College”

ROSTER SETUP INSTRUCTIONS (See page 18 of instruction manual.)

This is the ROSTER maintenance function in the Utilities program. The Edit Team Info window is displayed.

Team ID: Enter the 3-5 character unique ID from the list below. (Use upper and lower case, as on list below.)

Team Name: In this field, enter the **full** team name, as listed below (NOT the abbreviation).

After typing the information in these fields, press ENTER to add the team – or press ESC to cancel.

(Use Upper And Lower Case For Player Names:)

Last Name, comma, space, First Name.

Partially abbreviate first name if necessary in the **limited 12-character field**.

Example: "Johnson, Jas" (the total of 12 characters includes the full last name but only a 3 letter abbreviation **for the first name**, "James")

If the full name (including spaces) is longer than 12 characters, you will be prompted to provide an **EXTENDED FULL NAME** in an added field. **BE SURE TO FILL IN THE EXTENDED NAME FIELD WHEREVER NEEDED.**

Tweaking completed ROSTER from last name format to first name format:

Note: Your full roster can be “**tweaked**” (see page ___) by pressing “F” to change all names to a “First Last” format, which is preferred for actual use (after the last name was given priority when setting up the roster.)

--EMAIL completed ROSTER TO DICK HAMILTON, TO YOUR CONFERENCE STATISTICIAN, and to ALL OF YOUR OPPONENTS NOW.

To send the Tas Football roster data files via email, schools should attach two files:

--*team-id*.TRO The ".TRO" file contains the main roster entries -- this file is required for the roster to operate.

--*team-id*.TRX The ".TRX" file contains only "Extended name" spellings -- if this file is not provided the software will run fine. but will use the limited 12-character spellings in the ".TRO" file.

Both of these files are stored in the season directory they create.

OFFICIAL COLLEGE NAME ABBREVIATIONS (IDs) TO BE USED FOR CALIFORNIA CC STAT CREW STATISTICS

Many of the ID abbreviations below are already in common use.

The aim is also to make colleges recognizable statewide, while distinguishing among colleges which may normally utilize similar abbreviations. COS, COM, CHA, or SAC, for example, could all refer to more than one college. There are several "Valley" colleges.

Northern California Conferences

GOLDEN VALLEY Conference

Butte	BUTTE
Feather River	FRC
Lassen	LASS
Redwoods	COR
Shasta	SHAS
Siskiyou	SISK

BIG 7 Conference

American River	ARC
Cosumnes River	CRC
Diablo Valley	DVC
Sacramento	SACR
San Joaquin Delta	SJD
Santa Rosa	SRJC
Sierra	SIER

BAY VALLEY Conference

Contra Costa	COSTA
Laney	LANEY
